ADDENDUM: 2018 CONTRACT, AMENDMENT TO THE EARLY BOOKING PROMOTION

Dear Valued Partner,

In order to support our mutual business, and increase the volume of sales, we are more than glad to remove 30 days from the Advance Booking time for the Early Booking promotion, so it won't be necessary to book 30 days in advance but every booking will get a -10% off based on minimum stay requirements (if it is requested in the contract 2018-2019).

The offers will remain not valid in the following periods:

OFFERS NOT VALID:	Days	30+31 March // 24 November // 26+27+28+29+30+31 December // during FAIR DATES*
-------------------	------	--

This Is a revertible condition that could come back to the initial contract conditions in every moment.

Please note that we will need a written confirmation to this addendum, either a countersigned copy of it or a communication of acknowledgement will be fine.

In case you need any further clarification about rates to be applied, I remain at your disposal for assistance.

Best regards,

Claudio Catani – General Manager
